Tersely Told

D. A. Lee will leave today for Norfolk, Va.

During the month of May there were 411 cases in the municipal court.

Mrs. Henry Monk leaves today at noon to join her husband at Norfolk, Va.

Harry Hallmark will soon leave for Denver, where he expects to reside in the future.

Mrs. T. Sowell, of Pine Barren, is here on a short visit to her mother, Mrs. L. M. Hockett. Mr. Sowell will arrive this evening.

Mr. and Mrs. S. Israel will be at home to their friends Saturday and Sunday evening from 3 o'clock to 6 o'clock upon the event of their son Joseph's confirmation.

William Crosby, a negro, was brought back from Mobile by Sheriff Van Pelt yesterday. Crosby is charged with assault with intent to murder one Tom Johnson on last Mardi Gras night.

Collector of Customs Stillman has received orders from the Treasury Department instructing the sale of one certain sail boat, at public sale. The boat is described at 22½ feet long, 6½ wide and 2 feet 5 inches deep.

Several sets of examination papers have been forwarded to The Journal showing the work of pupils in the Olive public school. The percentages are high in each instance and reflect great credit upon both pupils and teacher.

Only half the quantity of Blue Ribbon Vanilla required. Absolutely pure. Goes twice as far and the flavor is perfection.

If you knew the value of Chamberlain's Salve you would never wish to be without it. Here are some of the diseases for which it is especially valuable: Sore nipples, chapped hands, burns, frost bites, chilblains, chronic sore eyes, itching piles, tetter, salt rheum and eczema. Price, 25 cents per box. For sale by all druggists.

COCKROACHES

Water Bugs, Rats, Mice and All Vermin Destroyed by Stearns' Paste.

You can sweep up dead roaches by the painful way morning if the night before you used Stearns' Electric Rat and Roach Paste.

This remarkable roach exterminator is the only one on the market where you can get your money back if it fails.

It is also sure death to rats and mice.

Sold everywhere or sent express prepaid on receipt of price. Stearns' Electric Paste Co., Chicago, Ill. Small size, 25 cents; hotel size, eight times the quantity, \$1.00.

MAYOR STATES COMPANY MUST FURNISH PRESSURE

Authority of Chief Executive to Issue Orders to Water Corporation Sustained.

MINIMUM PRESSURE THAT WILL BE DEMANDED AT FIRES IS PLACED AT ONE HUNDRED POUNDS—NO FEAR IS ENTERAINED ABOUT BURSTING OF PIPES.

"One hundred pounds pressure must be furnished at all fires hereafter by the Pensacola Water Company." Statement made by Mayor Chas. H. Bliss.

Some weeks ago Mayor Bliss directed a letter to the management of the Pensacola Water Company, instructing the corporation that the ordinance granting the franchise to the water company must be lived up to in all respects. To this communication and order the Pensacola Water Company objected, and stated that the pressure asked for by the mayor would burst water pipes and cause damage to plumbing work. At the same time the water corporation stated, if necessary the pressure asked for by the mayor could be furnished, but that the company desired to be governed by the law.

The order issued to the water company by the mayor and the communication of the company were referred to City Attorney Jones and he submitted the following to the council:

Agrees With Mayor.
Mr. C. E. Merritt, City Clerk.
Dear Sir:—Replying to your communication of the 11th inst., inclosing correspondence between Mayor C. H. Bliss and the Pensacola Water Company, which you inform me the council instructed you to refer to me with the request that I advise the council if the mayor had authority to issue the order embodied in his letter, I have to say:

I agree with mayor in his construction of sections twelve (12) and sixteen (16) of the ordinance granting the franchise to the Pensacola Water Company, and I am, therefore, of the opinion that he had the authority to issue the order embodied in his last letter.

Yours very truly,
JNO. B. JONES,
City Attorney.

Mayor Bliss stated yesterday that the opinion handed down by City Attorney Jones, means that the water company will be required to furnish at least 100 pounds pressure at all fires, and more if necessary.

The chief executive also said that he had authoritative information that plumbing work in Pensacola can stand all water pressure furnished by the water company.

CLERKS' PICNIC A BIG SUCCESS

The picnic at Electric Park under the auspices of the Clerks' Benevolent Association was a success in every way. A large crowd was present and enjoyed the outing, as the day was pleasant and the amusements furnished ample recreation and thoughts for idle and lonesome moments, away from the cares of business. The committee on arrangements labored hard to make the stay of all pleasant and their efforts were rewarded with the success desired.

One of the pleasing sights was the "hot air" and burlesque baseball game between the Hooligans and Katzenjammers. It was a travesty on the national game, just as intended. The Hooligans won by a score of 15 to 3. Several of the players showed what they did not know anything about the game and the crowd was pleased.

The greasy pig and pole events were captured by a youth, Percy Williams. Williams and Peet proved themselves the best three-legged racers on the ground, and won the race with yards to spare. Dooley O'Connor won the girls foot-race, and presented the trophy to Miss Graham. Miss Graham was voted the most popular lady on the ground. The prize dance was a great event. Miss Wrighton won the lady's prize and James Graham distanced all men dancers. The judges of dancing were S. A. Johnson, Alex Zellus and A. DeBron.

The arrangement committee to whom much credit for the success of the picnic is due follows: A. L. Roenstien, chairman, Joe Johnson, C. E. Cassagne, M. J. Flores, J. L. Jacoby, E. W. Elliott.

BEN D. BEERS LAID TO REST IN ST. JOHNS

The remains of Ben. D. Beers were laid to rest in St. John's cemetery yesterday, beside the body of his father. The funeral cortege was followed to the grave by a number of friends who knew and admired the deceased during his life time. The grave of the man who was so popular in Pensacola with all classes, was covered with floral offerings, a demonstration of the affection and esteem in which he was held.

HOTEL AT LOCKHART DAMAGED BY FIRE

Lockhart, Ala., June 1.—Fire was discovered in the dining room of the Jackson Hotel at 9 o'clock last night, and considerable excitement prevailed for a time, in consequence. Prompt work prevented it from spreading to other parts of the structure. The damage was principally from water.

CITY SERVANTS WAITING FOR SALARIES

Pay Rolls Held Up Awaiting Approval of the Different Public Boards.

NEITHER BOARD OF SAFETY NOR PUBLIC WORKS WILL CONVEENE UNTIL MONDAY AND SALARIES WILL NOT BE PAID UNTIL THEN—MATTER FREELY DISCUSSED.

The members of the city fire and police departments, together with other city employees under the jurisdiction of the Boards of Safety and Public Works, must wait until Monday to receive their semi-monthly salaries. This is due, it is said, to the recommendation of the finance committee of the city council and the action of the city council in approving the recommendation, compelling the Board of Works to audit all claims before paying. The action of the council did not apply to the Board of Safety, but it is presumed that the members of the body thought it best to meet, audit and approve all claims before allowing the same to be paid. The firemen and police are under the jurisdiction of this board.

Mayor Bliss has called a meeting of the Board of Safety for noon Monday and the Board of Works has been ordered to convene at 5:30 o'clock the same day to audit and approve the different claims.

Members of the police force and fire department are regular salaried employees. That is they receive so much per month, payable semi-monthly, on the 15th and 1st. The payrolls of the departments are made out by the respective chiefs, Schadt of the police and Bicker of the fire. The time of each man is kept by them, or under their direction, and members of the Boards of Safety and Public Works are said to know nothing of how much time a man has put in. Such matters as these are left to the heads of the respective departments, as is the time made by street laborers to the street superintendent.

Easy Some Say.
In discussion of the question with a member of the council yesterday the city father stated that the delay caused in the firemen and policemen and others not receiving their salaries was not due to the finance committee in the council. The councilman stated that if desired the members of the Board of Public Works could convene at any time and audit and approve claims submitted. The same thing applies to the other board.

In reply to this friends of members of the board state that business men like Alex Zellus and Lee Daniel, together with Mayor Bliss, have other things to do, other than convene every hour in the day or day.

Bottling Up The Winter's Sweets

Don't take long chances on your fruit spoiling by using old jars with faulty caps and worthless rubber rings.

New ones cost too little nowadays to run any risk.

Fruit, sugar, spices and heat cost money; the labor is hard (if fascinating), and it takes time—so, why waste them? It is much cheaper to consign the old jars to the rubbish heap. Rubber rings can be used in safety but once—even though the jars and caps are perfect.

Another thing, be sure you are buying "firsts"—the factories sell "seconds" to some dealers.

But, not to us.

CONSISTING OF EUCHRE, FLINCH AND DANCING

Will be given by
PENSACOLA TEEPLE, No. 14, RATH-BONE SISTERS,

At Old Odd Fellows Hall, West Garden Street,

MONDAY, JUNE 4.

Prizes will be awarded.

ADMISSION, 25 CENTS.

In the month, Sunday of course excluded. They state that the firemen and policemen salaries should be paid upon the approval of the chairman of the Board of Safety and chiefs of each department and paid when due. That it is asking too much of the men to wait until a quorum of the board can be gotten together. Every member of the Board of Safety is a business man they argue and can not leave his place of business at any and all times. Councilmen do not do it, they say.

The same argument was made in behalf of the Board of Works.

RIVAL INTERESTS

MAY GET TOGETHER

Portland, Ore., June 1.—According to the Oregonian, there is a prospect that the Hill and Harriman interests will come to an agreement over the trackage rights along the north bank of Columbia river and that a double track line from Wallula, Wash., to Portland will result. During the recent visit of President Howard Elliot of the Northern Pacific he was approached by a Harriman official with a view to such an arrangement and it is understood that he did not look upon the idea with disfavor and probably submitted the plan to President Hill of the Great Northern. If this arrangement matures, it will mean an easy entrance to Portland for the Chicago, Milwaukee and St. Paul whose officers have been puzzled for months for a means to reach this city.

An Easy Mark.

Fattmann—Madam, your boy hit me with a snowball.
Mrs. Fondmar—Well, don't blame him. He couldn't very well miss you.

Looking Out for Rainy Days.
Sallie—Say, Tommie, why do youse think youse like to be a bricklayer?
Tommie—Cause dere's so many days dey can't work.

ADJUSTMENT OF THE LOSSES AT 'FRISCO

Important Meeting of Insurance Companies Held in New York to Discuss Matter.

By Associated Press
New York, June 1.—An important meeting of American insurance companies was held here yesterday when resolutions setting forth the position of the underwriters represented as regards the adjustment of the liabilities in the San Francisco conflagration were unanimously adopted. The rulings adopted affect, it is claimed, not less than 75 per cent of the insurance carried by American corporations and explicitly deny liabilities for purely earthquake losses.

Pointing out the complex and intricate nature of the policies presented for solution and stating that it is highly desirable that all losses for which the companies are legally liable should be promptly and fairly settled, the resolutions continue:

"Whereas, It is expedient that a statement as to the legal and moral liability of companies in regard to the claims arising is adopted, as a fair statement of such liability, suitable to be used as the basis for adjusting losses:

"First—Where policies covered buildings (and or their contents) which had certainly fallen before the fire or which had been so damaged as to void the insurance under the express terms of the contract, claims under such policies should not be paid.

"Second—Where policies covered buildings (and or their contents) which have been damaged or destroyed by the authorities, civil and or military, subject to the confagration claims under such policies should not be paid until the facts have been definitely ascertained.

"Third—Where policies covered buildings (and or their contents) which were probably, but not certainly so damaged by earthquakes as to be brought within the provisions of the fallen buildings clause; or (b) where policies covered buildings (and or their contents) which had suffered from shock of earthquake, but not to such an extent as to bring them within the provisions of the fallen buildings clause; or (c) where policies covered buildings (and or their contents) which had been damaged or destroyed by the authorities, civil or military before fire had reached them or (d) where policies covered property whose owners by reason of the destruction of their books and records, are unable to supply the proofs of value required by the conditions of their insurance policies. In all such cases claims should be settled by a reasonable compromise.

"Fourth—Where policies covered contents of buildings which are certainly not affected by the exemption conditions of the policy, claims under such policies should be paid as soon as adjusted, subject to such deduction if any, as may fairly be made on account of the salvage resulting from the removal of portable property from buildings before the fire had reached them.

The resolutions were telegraphed to the adjustment committee, San Francisco, last night and also cabled to London for the information of the British companies.

The Very Best Remedy for Bowel Trouble.

Mr. M. F. Borroughs, an old and well-known resident of Bluffton, Ind., says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the very best remedy for bowel trouble. I make this statement after having used the remedy in my family for several years. I am never without it." This remedy is almost sure to be needed before the summer is over. Why not buy it now and be prepared for such an emergency? For sale by all druggists.

BELIEVES HE WAS ARRESTED THROUGH MISTAKE

Sol Levy, the young man arrested with M. L. Roch Thursday charged with violating the federal lottery laws believes that there has been a mistake made in his arrest. He states that the warrant provided for the arrest of "S. Levy," and that he is the only man who could be found by such a name or having such an initial, and that as a result he was arrested.

A BALD NEWSPAPER MAN.

Getting a New Crop of Hair, and Has No More Dandruff.

Everybody in the Northwest knows Col. Daniel Searles, the veteran journalist and publisher of Butte, Jan. 10, 1906, the colonel writes: "I used a couple of bottles of Newbro's Herpicide with marvelous results. The dandruff disappeared; a new crop of hair has taken root, and the bald spot is rapidly being covered." Herpicide is the only hair preparation that kills the dandruff germ that digs up the scalp in scales at it burrows its way to the root of the hair, where it destroys the vitality of the hair, causing the hair to fall out. Kill the dandruff germ, with Herpicide. For sale by W. A. D'Alemberte, druggist and apothecary, 121 South Palafox street, or send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Good Hosiery First Last and Always

Our Hosiery department stands second to none in this city.

2 BOMBS WERE THROWN AT THE KING

(Continued from First Page)

over the loss of life among his brave soldiers.

Bomb Thrower Arrested.

London, June 1.—A dispatch to the Exchange Telegraph Company from Madrid today says the bomb thrower has been arrested; that he is confined in the Medio dia police station, and has confessed and supplied details of the outrage.

Weyler Was Badly Wounded.

Madrid, June 1.—General Weyler was seriously wounded by the bomb explosion yesterday. Five of the wounded are dying. The magnitude of the attempt on the lives of King Alfonso and Queen Victoria increases. The number of killed is now given at twenty and the wounded at sixty. During the night thirty arrests were made, but the person who actually threw the bomb is apparently still at large. The ministry has decided to continue the festes for the purpose of allaying public apprehension.

A jeweled decoration worn by King Alfonso was shattered by a splinter of the bomb. Queen Victoria is irremediably declaring that she is responsible for so many persons being killed.

Dared the Bomb Throwers.

Madrid, June 1.—King Alfonso and his bride today before lunch rode through the streets of Madrid in an automobile without an escort. They were loudly acclaimed by the people.

Bomb Struck the King.

London, June 1.—Another dispatch from Madrid says: King Alfonso had an even more miraculous escape than is generally known. A fragment of the bomb struck his breast but the force was broken by the chain of the King's Portuguese Order of Santiago which he was wearing. The chain was broken but it stopped a piece of steel which might otherwise have pierced the king's breast.
